

## **2018-2019 Key Club International Committee Mid-Year Update**

The Key Club International Board has been hard at work this year in making your experience as a Key Club member as memorable and exciting as possible. Between board meetings, district visits, and committee work, there's a lot that's going on. Check out our committee updates below!

### **Leadership**

The Leadership Committee has been working on a variety projects this year. From guides to quizzes, there's a lot to see. Check out the committee update video [here](#).

### **Service**

One of the longest standing committees, the Service Committee has been focusing on improving and assisting with the YOF application process, promoting service partners, and more. Check out the update [here](#)!

### **Growth**

The Growth committee kicked off the year by focusing in on how we could be more inclusive of the clubs within our organization and how we can increase enthusiasm amongst our membership. Each committee member has been assigned approximately 20 clubs that are located around in the world in un-districted regions to communicate with, serving as a liaison between the International and Club entities.

Focusing on expansion, the Growth Committee joined forces with the Kiwanis-Family Relations Committee to create a chartering guide. This guide will allow Key Clubbers to get involved with the chartering of any one of the six different Kiwanis Family branches to help build their communities.

Based off the committee directives, was born the campaign Truly International: focused on creating innovative ways for clubs to showcase their unique service and to encourage members from around the world to express their passion for helping others.

Check out our infographic [here](#).

### **Kiwanis Family Relationships**

The Kiwanis Family Relationships has been working on a new club map for potential members, a chartering guide as a collaboration with the Growth Committee, and more! Check out the update video [here](#).

### **Membership Experience**

Check out the update from the Membership Experience Committee! Our five committee members, Grace, Foster, Leslie, Alice and Cindy have been hard at work to improve the membership experience for all our members since July! We have been creating new resources, initiatives, developing campaigns and reviewing material. Be on the lookout for new articles and resources coming your way soon. Enjoy [the video](#) and as always, our bloopers!

### **Executive**

The only permanent committee, the Executive Committee exists to construct and approve board meeting agendas, take disciplinary action when necessary, and lead the submission and organization of amendments and guidebook changes. However, we've been working on quite a few more projects this year! Check out our written update [here](#).
