C **CLARITY.** A Trustee's primary job is to serve as liaison between the District and International levels. To me, this looks like setting clear expectations for my District, letting them know what is expected of both them and myself. From me, they can expect someone who will always be available and looks forward to collaborating with the District Board as a whole, not just the Executives.

A **ADAPT.** Every District has unique needs. As a Trustee, I intend to collaborate with my Districts in a way that works best for each of them, tailoring plans based on a specific District's preferences. For example, if one District prefers information to be relayed through email while another is more comfortable with video presentations, I will adapt my messaging to the style that best suits each District.

R **RAISE.** Many members aren't aware of the international aspect of Key Club. As Trustee, I plan on raising awareness of opportunities to become involved in both the District and International levels, as well as emphasizing the Core Values of Key Club (Leadership, Character Building, Caring, Inclusiveness). I believe that in order for Key Club to be as successful as possible, members should be aware of every opportunity Key Club has to offer, whether that be an increased leadership role or greater involvement with one of our Preferred Partners.

E **ENCOURAGE.** I hope to encourage Districts in finding long-term, meaningful service projects, providing resources and assistance along the way. I believe that uniting a District under a single Governor's Project produces truly impactful results. Last year, the Southwest District teamed up with the Thirst Project to build a freshwater well in Eswatini for its Governor's Project. I hope to assist my Districts in whatever project they find significant.

S

SUPPORT. Having served as both a district and club officer, I value the importance of **forging and inspiring relationships** with clubs, LTGs, and district executives. As a trustee, I will **personally reach out** to district officers to ensure that members of my sistrict have a source to help **guide** them through their Key Club endeavors. I'll implement sistrict weekly updates and **heavily promote** office hours and will **represent YOUR** wants and desires on the international level through establishing and utilizing various feedback channels open to **everyone**.

H

HIGHLIGHT. One of the most **crucial** aspects of membership retention is ensuring our members are **recognized** for their hard work! I'll **evaluate** and **cater** to the needs of each district's various communities within my sistrict by creating unique service guides based on the **geography, environment, and climate** of a club's location, **expand an international service initiative** to **spotlight** members, clubs, and districts' hard work, and **create ready-to-use workshops and guides** that **highlight** our **partners** and inspire members to **engage** with the K-Family.

I

INCLUSIVITY, EQUITY, AND DIVERSITY. As we continue to expand globally, Key Club has to adapt to its demographic. I'll work with the International Board and the International Expansion and Development Committee to translate **resource guides** and work to add a **translation option** the Key Club International website. I'll advocate to expand the International Convention **subsidy fund** for non-traditional clubs, in order to **promote** diversity, equity, and inclusion across our organization and make events more **accessible** to all members.

N

NETWORK. As part of the **2021-2026 Strategic Plan**, I will help **facilitate** more **interaction** between current and former Key Clubbers by working to establish a network for past and present Key Clubbers and by implementing an **alumni recognition campaign** on sistrict social media. I'll encourage bonding and unity through a sistrict network, where participants can share ideas, inspiration, and encouragement to their peers.

E

EDUCATE. So many of our members are unfamiliar with the numerous amount of opportunities Key Club has to offer. I'll work with District Governor's to **evaluate** the **needs** of their district, and host and heavily promote open **training webinars** for my sistrict to **educate** our leaders on Key Club International **structure, partners, and opportunities** to ensure our leaders have all the **support** and **resources** to be effective servant leaders. I'll create extensive guides for clubs to inspire and provide ideas to **incorporate** our **partners** into service projects.

Hello everyone! My name is Ethan Schmidt, and it is my distinct honor to be running for International Trustee! Over these past years, Key Club has ignited in me a fire for philanthropy, humanitarianism, and worldwide equity, and I take my running for office as a way of giving back. To accomplish this, I would implement 4 phases, similar to those of the moon, to start **new beginnings** in collaboration, **illuminate** resources, **refine** our international engagement, and **set intentions** for the perpetual wellbeing of the organization. I will work tirelessly and with dedication to ensure the prosperity of Key Club not only for this next term, but for years to come. Hi Key Clubbers!

What a hectic year it's been! I'm Gabrielle Rhoden, and I'm incredibly honored and thrilled to be vying for the position of international trustee.

This past year I served as Key Club Jamaica Division 3 Lieutenant Governor and a member of the Truly International Taskforce. These positions have allowed me to serve in larger capacities and gain insight on the important issues in the organization. I am more than ready to take the next step to make an impact internationally. I established my platform **ACTION** in order to ensure that members could carry on and enhance their effect. So let's

TAKE ACTION!

Yours in Friendship and Service,

Gabrielle Rhoden

My Experiences:

- Robert F. Lucas Outstanding Lieutenant Governor
- Member Representative on the Truly International Taskforce

ADDRESSING: Address the issues that different clubs and districts face. Bringing these issues to the forefront and resolving them can create positive changes in various aspects of the organization.

CHALLENGE: Challenges are an essential component in a person's growth. Allow persons to challenge themselves, to step outside their comfort zones and to all together be the best versions of themselves while serving.

TOGETHERNESS: In Key Club, togetherness is valued because it encourages a sense of cohesion and cooperation among members, which can result in more successful projects and events. Being able to come together as one and creating a positive and inclusive space to achieve different goals is the aim.

INVOLVE: Involve club and board members in different activities. Advocate for the inclusion of International Clubs. Have interactive sessions/platforms where persons can share their ideas and feedback. Create a space where everyone is united.

OUTREACH: Outreach is important in Key Club because it allows members to connect with and give back to their community. Establish district wide event that brings the district together while servicing the community. Outreach projects help members develop leadership skills, build relationships and gain a sense of fulfillment by making a positive impact on others.

NETWORK: Networking in Key Club is important because it can help you build relationships with other members and leaders in the community. Establish means which promote networking by encouraging members to attend events, participate in projects, and engage with other members.

For International Trustee

PLATFORM

D

Develop. Developing members at the club level is equally as important as recruiting new members. Spreading awareness of the depth of Key Club International can help unlock a Key Clubber's potential for service.

- Creating interactive guides to Key Club that overview the different levels where one can serve.

R

Realize. In coordination with international policies and initiatives, I plan to help Governors realize their vision for their Districts.

- Biweekly check-ins and office hours with all executive officers.
- Video tours of KCI website to promote awareness of resources available.

E

Equity. Clubs that are less established, smaller, and/or international require more outside assistance than those with more support. This is my same philosophy with Districts and their Divisions.

- Provide welcome packets for international clubs 5 years old and younger.
- Access to "Contact Book" with neighboring clubs to promote collaboration.

A

Assemble. Whether it is making new friends or making a larger impact, serving with those outside of your own community has tremendous benefits.

- Work with Districts to create Division and District-wide projects.
- Host online service events allowing Key Clubbers from around the world take part in a partners-oriented event.

M

Merit. Districts and their clubs work hard and thus should be rewarded for their Merit.

- Different quarterly and yearly awards for officers at all levels of Key Club.
- Create awards for unique service project ideas and outstanding service.

KEY CLUB JOURNEY

The duty of a servant leader is to promote individuals' success within their organization and that would be my priority as an International Trustee. I myself joined Key Club because of such a servant leader; a senior on my tennis team who took an interest in a freshman (me), who was brand new to high school and not aware of Key Club. I knew that I looked up to this person, and because he invested time in me early in my high school career, I now am an active member and leader in my high school's club. With a proper servant leader, students model that leader and become leaders themselves. The leader helps show their peers how they can attain internal motivation for volunteering and shows that you can take pride and joy in giving back and being a part of a larger whole. As my mentor showed me, I wish to show others, and this is why I wish to serve as International Trustee.

ABOUT

Hi Key Clubbers! I hope you are enjoying your time at the Key Club International Convention. My name is Ian Opel and I am excited to announce my campaign for International Trustee. Key Club has taught so many of us the value of service and what it means to be a servant leader. Whether it is being able to meet new people through service or seeing the effect that it has on others, Key Club has helped empower countless high school students to become life-long servant leaders in their communities. After serving on the Executive Board as District Treasurer, as well as on the District Board as Lieutenant Governor for Division 7, I have decided to further my passion for service by running for International Trustee. My platform is a **DREAM** that we can make Key Club a more connected and informed place to serve. It would truly be an honor if you would help make that **DREAM** a reality!

Yours in Service and Friendship,

Ian Opel

Greetings Key Clubbers!

I can not wait to meet all you fellow Key Clubbers in Anaheim this year!! It is utterly surreal that I am running for such an influential position at such an ICONic convention. My name is Jaymi Gile, and I am beyond ecstatic to be running for International Trustee. Outside of Key Club, I am an avid Gilmore Girls fan, I love Mac Miller, being outdoors, thrifting, and listening to old man music! While working to serve our homes, schools, and communities, I will fight valiantly to ensure my districts are fulfilling their goals and performing exemplary work through my guidance.

Yours in service and friendship, *Jaymi Gile*

International Trustee Era

Hello Key Clubbers!

ICON is here!... *Are You Ready for it?* I know I am! I'm excited to *Shake It Off* on the dance floor, while meeting new people and celebrating our service year! I am **Nicole Bunag** and I am running to be an International Trustee. *Long Story Short*, I served as the **Johnny Appleseed Lieutenant Governor** and **DCON Chair** for the Indiana District. Through these positions, I was able to develop my skills and appreciate the significance Key Club has within our lives, schools, and community. I have developed my platform, **SWIFT**, which targets member retention, learning about Key Club, and a variety of resources. If you have a *Question...?* or want to chat, feel free to reach out! I can't wait to see *You All Over Anaheim!* Let's make at least *Seven*, *fifteen*, or *22* memories until *It's Time To Go!*

SUPPORT

Why? It is important to continuously **support**, **aid**, and **guide** fellow Key Club members. Because tasks can be stressful at times, I will be an open-book and help out wherever it is needed! *This is Me Trying* to be a *Mastermind* and a *Superstar*.

How? I will be accessible through any of my contact info and have a resource help submission form available. I will *Forever & Always* assist Key Club members with any troubles they have and aid them with an efficient and effective solution.

WISE

Past experiences and qualifications of *Mine* that would make be suitable to fulfill this position well include being **Committee Chair** for **multiple** planning events and serving as a Lieutenant Governor and officer positions for my club. The tasks and responsibilities are similar to the ones of International Trustee, so I am **knowledgeable** and know *All Too Well* about the work load that I would have to take on.

INCREASE MEMBERSHIP

Why? Key Clubbers are the **foundation** for a successful club. Without them, Key Club would become a *Sad Beautiful Tragic* time in history.

How? I will have **resources** available and **help facilitate** engagements that the Club offers, including a variety of activities that will encourage people to join, get involved, and give them *A Place In This World*. Promotional materials will be distributed via email and on social platforms.

FAMILIARIZE

Why? There is a lot of information, programs, and policies that may seem complex or *Bigger Than The Whole Sky*. How? I will help **simplify** all of this information; such as updating and explaining concepts that members may have questions about. *Sparks Fly* when members know about these opportunities. They'll **learn** more about leadership and take advantage of these wonderful opportunities in their *Wildest Dreams* on *Cornelia Street*.

TRANSPARENCY

Why? It is critical not to have *Bad Blood* in my districts, so we are able to feel more comfortable around each other and in turn work better! *It's Nice To Have A Friend!* Opportunities will arise throughout the service year.

How? I will strive to have a **high** level of communication with the districts. I will be **honest**, **communicate** the changes that will be made on the International level, and hold office hours **routinely** to give *ME!* the chance to chat with my districts, be *Tied Together With A Smile*, and want to *Stay Stay Stay!*

RAMONIQUE MORRIS

FOR INTERNATIONAL TRUSTEE

UNANIMOUSLY ENDORSED BY JAMAICA DISTRICT

HEY KEY CLUBBERS!!!

Welcome to Key Club's International Convention, Anaheim, California! We're here to celebrate our year in comfort and style. My name is Ramonique Morris, and I am eager to have the opportunity to serve our organization on an international level and make a positive impact on Key Clubbers worldwide.

I am thrilled to introduce myself as a candidate for the position of International Trustee for Key Club International.

Throughout my years of involvement in Key Club, I have developed a deep passion for service and advocacy, in addition to a strong commitment to our core values. Key Club has shaped my character and instilled in me the importance of leadership, fellowship, and service. It has taught me the value of making a difference in the lives of others and the power of coming together as a global community to create meaningful change.

As International Trustee, my vision is to strengthen the bonds within our organization and foster collaboration among Key Club districts across the globe. I believe that by working together, we can ignite, revive, and rekindle the flames of service worldwide.

yours in service and fellowship,

Ramonique Morris ♥

I

GNITE

To ignite service, I would promote Key Club values through a greater service initiative. This includes forming district-wide partnerships, creating a charity window on district webpages, and facilitate the creation of webpages for all districts. Clubs can choose partners and support charities. I'd encourage interschool projects to build relationships and raise Key Club awareness. This approach inspires others to join and understand Key Club's purpose.

R

EVIVE

To revive the flames of service I plan to focus on fellowship. With a focus on fellowship, I plan to implement a district wide buddy system. With the assistance of district governors, I will work closely with them to identify dormant clubs and work on their becoming active. By doing this, membership would increase due to additional engagement from inactive clubs. I would also facilitate online courtesy calls to encourage key clubs at these and other schools. Therefore, reviving the name of Key Club and the flame for service globally.

R

EKINDLE

To rekindle the flame for service, my plan involves networking and collaboration. As International Trustee, I aim to establish a partnership with a mental health hotline to prioritize students' well-being and provide a platform for them to express their thoughts. Networking is also crucial for fundraising, and I will organize district-wide fundraisers with the support of governors to alleviate financial burdens on clubs and districts. The raised funds will contribute to the costs of district conventions, international conventions, and projects. Additionally, I propose implementing a Key Club savings scheme to make conventions and international membership dues more affordable. To foster leadership, I will promote the global leadership certificate through a competition, encouraging districts to increase the number of certified members. This approach will lead to greater participation, well-rounded Key Clubbers, and the development of student leaders on a global scale.

for International Trustee

Hello Key Clubbers

I hope that ICON will reach all of your expectations. I am very excited to see what will unfold at this convention. Key Club events are magical, so there is no telling what is in store for us. I am **Shivam Chauhan**, a Key Clubber from the Indiana District who is dedicated to serving others. Throughout my time in Key Club, I have gotten the opportunity to serve on many levels, my main position being the Hoosier Division Lieutenant Governor. I've also had the chance to be a part of a couple of International Taskforces and have been inspired to take up the next level of service. Feel free to come up to me at any time during the convention; I promise I don't bite! I hope you will keep me in mind as you vote. Shivam Chauhan may have flair, but he surely does **CARE**.

Qualifications

- Indiana District Hoosier Division Lieutenant Governor
- Truly International Member Representative
- Liaison to Membership Retention & Recruitment Taskforce

Achievements

- 2022-2023 Indiana District Most Distinguished Board Member
- Best Lt. Governor of Quarter 3 (2022)

Communication

- Due to COVID-19, Key Club International has lost contact with many International contacts. It is my goal to work to rebuild these connections and make sure that Key Clubbers around the globe receive important news.
- In the Indiana District, I served on the Kiwanis Family & Connections Committee. Through this experience, I learned that there is a lot of merit in connecting with Kiwanis clubs. I would like to strengthen the relationship between Kiwanis and Key Club International, as we are both dedicated to serving others.

Adaptability

- It is important that I adapt to a tailored approach with each of my districts. Each district is specific in goals and situations, so I must take their goals into account and develop an appropriate action plan.
- I will ensure that my district receives an ample amount of resources to keep them informed and help them with any endeavor they wish to pursue.

Retention

- COVID-19 hurt the membership numbers of many districts, leading to financial instability. With a focus on reactivation, these numbers can be returned to previous levels. With my experience on the Membership Retention & Recruitment Taskforce, I will be able to properly aid districts as they pursue reactivation.
- The flipside of retention is recruitment. I have personal experience with this as I have worked on the chartering of four clubs in my district! Although it isn't always easy, chartering is a very rewarding prospect and will allow more people to enjoy volunteerism.

Engagement

- It is important that Key Clubbers are engaged on different levels of Key Club so that they may build character and leadership skills. Everyone, including members of my Sistrict, will be allowed to share their concerns with me through a feedback form I will implement.
- I would also like to build a real connection with my Sistrict and will be engaging with them through weekly office hours where Key Clubbers may stop in and ask questions, meet other like-minded individuals, and have a fun time!

Hola key club international!

My name is **Soyome Getachew** and I am so thrilled to be running for international trustee! This past year I served as a lieutenant governor for the Minn Dak district. I served division 7A and I am now going into my 7th year as a key clubber. I can honestly say I have learned so much and gained experiences that will last a lifetime.

I have known since my last Icon that this was something that I was very interested in. Seeing how this organizations spans from school level all the way to international, I have seen a desire to grow alongside it. Key club has personally helped me create numerous friendships that are still running strong.

Whether it's how much rice you need in a food packet or leading multiple schools and creating connections I have learned things both big and small that have gotten me to where I am today. I am so happy to be here, as I'm sure you all are as well, and I am thrilled that we get to celebrate the hard work we have put in throughout this key club year and with that, if I may, let me show you why we should C.A.R.E. about it!

Yours in care and service

WIPE OUT

The first step to creating an impact is welcoming change. Within the International Board, we will review bylaws and develop strategic plans using member survey input to guide our discussions. These surveys will funnel directly to the overseeing Trustee, acting as a way for members to directly voice their concerns to the international stage.

ANCHOR

Throughout the term, there will inevitably be obstacles to overcome. Early on, I will request that each of the District Governors of my assigned Sistrict nominate a person to keep them accountable in the case that the District Governor is not upholding their expectations in transparent communication. I will refer to them as an anchoring point to keep their district afloat and as an interim point of contact.

WIGILANCE

Overcoming obstacles is only possible after recognizing the roadblocks. Every two months throughout the term, I will hold core calls with each of my assigned districts together, taking turns to discuss their status towards reaching their established goals. Taking note of both what is going well and what is not, we will be able to realign our course of action accordingly.

EMPOWER

I hope to inspire the next generation of servant leaders. Prioritizing the development of members to become effective and influential service leaders in a growing digital age, I will emphasize the use of engaging social media posts/ videos to keep members entertained while simultaneously educating them about Key Club itself.

SYNERGIZE

The Key Club community would not be the same without the unifying nature of spirit. By collaborating with UNICEF and other preferred charities, districts are able to use their resources to benefit underdeveloped/ undistricted areas and expand the community of Key Club International with the hope of inspiring others and improving the impact of our service.

FOR INTERNATIONAL TRUSTEE

KEY CLUBBERS,

When I was in 8th grade, my older sister shared that her one regret from high school was not joining Key Club. She encouraged me to get involved, and I am so happy I took her advice! This past year, I successfully led the Minnesota-Dakotas Division 6. My divisional Instagram account grew by nearly 50%, and the divisions I represented became increasingly active at the district level. As an International Trustee, my consistent communication and determined nature will help Key Club International and the districts I represent improve immensely, lifting up dedicated service leaders for years to come. I am excited to assume responsibilities of a wider scope in this position. I have the "Will(a) to Succeed!"

Hello Key Club International,

Even though I already live in the city of bridges, it is the metaphorical bridges that I aim to build as International Trustee, representing the various connections that Key Club makes. While you can read about my credentials on the bio page, I have actually laid out how I plan to **BUILD BRIDGES**, which is by growing the **FOUR CORE VALUES** of Key Club itself.
